W A Survey Rs 2000/- was sanctioned in the year 1941, to the Mudigere Municipal for the purchase of an engine for the local waterworks, out of the special grant of two lakhs of rupees graciously sanctioned by H.E. the Governor. The estimate for this came upto Rs 2800/- & the M.C. was asked to provide this amount, and a sum of Rs 800/- was sanctioned out of Contingencies for 41-42.

2) The revised estimate is found to come upto Rs 4400/- The M.C. is not in a position to meet the balance of cost viz Rs 4400 - 2800 viz 1600. Hence it is proposed to divert the grant of Rs 1700/- given for the Bus Stand at Mudigere for this purpose, as the M.C. pleads their inability to finance the Construction of the Bus Stand which is estimated at Rs 4000/-. It is stated that the machinery has arrived & payment has to be made.

Regarding installation of a pumping set for the Mudigere Water Works

E'

With reference to your letter No L 9619/41 76-41-2 dated 10th April 1942, forwarding a copy of letter No C 61-35 dated 18th March 1942, received from the Director of Public Health on the above subject and enquiring if the Municipal Council is prepared to meet a moiety of the excess cost of Rs 1600/- for the installation of the pumping machinery, I have the honour to state that the Municipal Council have resolved, at their meeting held on 29th May 1942, that the entire cost of the installation of the pumping set be borne by Government, as the Municipality is unable to meet the moiety of the cost owing to its poor finances

2 In this connection, I write to state that Government in their order No T 3138-49/3 T.66-40-2 dated 7th May 1941 have sanctioned a grant of Rs 1700/- for the construction of a Bus shelter at Mudigere, whereas the Executive Engineer, Kadur Division, has sent an estimate for Rs 4020/- for this work The Municipal Council have pleaded their inability to pay the balance required for this work also I consider that the grant of Rs 1700/ sanctioned for the construction of bus shelter be utilised for the payment of bills in respect of the installation of the water pump, as the machinery has already arrived and the Sanitary Engineer is pressing for the payment of the amount before the close of the year The deficit for the Bus scheme can be made good next year while distributing the grants In the circumstances, I request that necessary orders of Government may be kindly obtained and commu-

and communicated to me at an early date

A copy of the resolution of the Municipal Council is enclosed for reference

Regarding installation of a pumping set for the Kudigere water works-

In continuation of my letter of even number dated 26th June 1942 on the above subject, I have the honour to state that the Municipal Councillors met the Sanitary Engineer and myself on 15th July 1942 at Kudigere when the matter was explained to them They were informed that they should improve their finances and should not look to Government at every stage for financial help They have agreed to raise the special water cess from 4 annas to 6 annas in the rupee and have agreed to pay a sum of Rs 1000/- immediately out of the closing balance, towards the installation of the pumping set The Sanitary Engineer has intimated that the existing oil pump is not working satisfactorily and that the work of installing the new engine has to be taken up immediately In view of this, I have directed the President of the Municipality to place the sum of Rs 1000/- at the disposal of the Sanitary Engineer, immediately

2 As per the revised estimate, the total estimated cost of installing the machinery comes to 4466/- excluding the Government grant of Rs 2800/- and the Municipal quota of Rs 1000/- now promised by the Municipality, a sum of Rs 666/- remains to be paid to the Sanitary Bureau In these circumstances, I request that the proposals framed

referred to in my letter dated 25th June 1942 may be kindly treated as cancelled and sanction of Government may be obtained for the following -

1 For my action in having directed the Municipal President to incur an expenditure of Rs 1000/- out of the closing balance

2 For sanctioning the balance of 666/- out of the Water Supply grants to be made for the year 1942-43

The revised estimate and a copy of the resolution of the Municipal Council are enclosed for reference
